

E-lasmo Conference 2020

With the cancellation of most aquatic conferences globally, The Aquarium Vet produced an E-conference dedicated solely to the amazing elasmobranch group of animals. The **E-lasmo Conference** was held online over 4 days in April 2020, with over 3 hours of live content per day. The course consisted of detailed lectures with Q & A. It was so successful that it will become an annual event.

The E-lasmo Conference recordings are available to listen to for the small price of AUD \$47.50 (approximately USD \$30.00) and access is for 2 months. The recordings are free to all students of The Aquarium Vet E-quarist course. The table below details the E-lasmo Conference Agenda:

Day One	Elasmobranch Anatomy and Physiology (Dr Rob Jones) Elasmobranch Reproduction in Aquariums and Zoos and the Development of Assisted Reproduction Techniques (Dr Rob Jones)
Day Two	Anaesthesia / Sedation (Dr Rob Jones) Diagnostic Techniques in Elasmobranchs (Dr Rob Jones) Elasmobranch Nutrition (Dr Rob Jones)
Day Three	Elasmobranch Transport (Dr Luke Ross) Elasmobranch Diseases (Non-infectious, Infectious) (Dr Rob Jones)
Day Four	Elasmobranch Necropsy Technique (Dr Rob Jones) Cancer in Elasmobranchs (Dr Brett De Poister) Training of Elasmobranchs (Dr Rob Jones)
