Employment

My own business The Aquarium Vet acts as a consultant to several organizations including the following –

Merlin Entertainments Group – Regional Veterinarian for SEA LIFE Aquariums in the Australia and NZ region commenced January 2014.

New Era Aquaculture – consultant veterinarian commenced July 2014

Sea Life Melbourne Aquarium – Veterinarian from October 1999 (pre-opening in Jan 2000) until present. Attend three days a week and on call 24/7.

Aquarium Industries Pty Ltd – largest importer of ornamental fish onto Australia. Consultant Veterinarian since April 2008. Largest fish quarantine station in the world. I attend one day a week to supervise and improve their fish health program.

Monash University – monitor the health of their Zebrafish house (largest in the Southern Hemisphere). Multiple visits each year.

Panaquatic Health Solutions Pty Ltd (Dr. Paul Hardy-Smith) – 2005 until present.

- completed a “Review of Existing Welfare Arrangements for Aquatic Animals in Australia” as part of the Australian Animal Welfare Strategy for the Department of Agriculture, Fisheries and Forestry.
- have organized and conducted three workshops on fish welfare (one each for the Ornamental, Aquaculture and Commercial Wild Capture Fishery industries).
- completed a “Scientific Review of the Biosecurity Risks associated with the importation of rainbowfish for ornamental purposes” for Biosecurity Australia
- assistant author for the reviewing two AQUAVETPLAN manuals

As The Aquarium Vet and with Craig Thorburn (Thorburn Consultants) completed a “Policy review of the biosecurity risks associated with the importation of live penguins for display purposes” for Biosecurity Australia.

As The Aquarium Vet completed a “Policy review of the biosecurity risks associated with the importation of sand tiger sharks into New Zealand” for Biosecurity New Zealand and then was invited to Kelly Tarlton’s Underwater World (Auckland, New Zealand) to supervise the arrival and acclimation process.

Consultant to various Aquarium retailers, fish breeders.

At various stages have consulted to Underwater World (Mooloolaba, Queensland), Sea World (Gold Coast, Queensland), Siam Ocean World (Bangkok, Thailand) and Aquarium of West Australia (AQWA, Perth, West Australia).

Writing and managing The Aquarium Vet online e-quarist Course. Provide monthly webinars on fish health to all students of the course both nationally and internationally (three time zones a month).

Professional Organizations / Committees

- Australian Veterinary Association (AVA)
- Exotic Animal Group – Special Interest Group of AVA
- Grey Nurse Shark Reproduction Group (Foundation member – joint co-operative between Oceanis Australia / Melbourne Aquarium and Monash Institute of Reproduction and Development)
- International Association of Aquatic Animal Medicine (IAAAM)
